

# YARD CODE

Each customer will be allocated a stable for each animal and one paddock. If they wish to separate their animals to rotate the grazing available they are at liberty to put up extra tape fencing to dissect their paddock. We do have a small supply of tape and posts.

It is at the customer's discretion as to when they turn their animals out and when they keep them stabled. If you change your usual practice please let us know. Some customers like their horses out most of the time some like them to be stabled.

Visits to the yard are to be limited to between the hours of 7.30am and 7.30pm. Any visits outside these hours must be with the agreement of the proprietors and in emergency only.

If you cannot tend to your animal between these hours Di will feed and turn out for you in the morning, if she is in residence. (applicable to D.I.Y)

If you are to be away for a period of time (holidays etc) Di will be pleased to look after your horses for you. But if the holidays are taken in the winter months and the animal requires full livery there will be a charge for this. In the summer months when all that is required is a bit of poop picking and general care there will be no extra charge. ( D.I.Y.)

If family or friends visit we must be informed prior to this visit. Please keep these to a minimum as they can be disruptive to other horses.

The stables and yard must be kept clean at all times. Feedstuffs will be kept in the tack room and this must also be kept clean and tidy with any spills swept up immediately. Paddocks must be poop picked regularly. The ménage must also be cleaned of manure after use. The water troughs have been cleaned and it is the responsibility of the customer to ensure that the trough supplying their paddock is kept clean.

Wheel barrows, forks, poop pickers and shovels will be kept in the cart shed for the use of customers and these must also be cleaned after use.

Stable refuse and paddock manure is to put on the muck heap in the big barn. Please ensure that the pile is high and narrow.

Each customer will be allocated a key to the tack room for which we will require a £10.00 deposit. This will be refunded upon return of the key.

If your horse has any particular characteristics or needs: please inform us of this. We need to know if they dislike dogs for instance. Any fruit they cannot eat or any allergies.

There is to be no smoking anywhere on the premises.

If you wish to bring your dog to the yard with you are quite welcome to do so but please remember that we have open access to the road for dogs, so keep a close watch on them. Also please ensure they have been introduced to Molly (who is the resident dog) and Mia and Keith who are also family members and visit daily. Also please make sure they do not chase the chickens.
